

### **Annual scholarships competition of IU-SHERPA 2022-2023**

IU SHERPA scholarships are intended for students enrolled in a second or third cycle university program and supervised or co-supervised by a regular researcher from the IU SHERPA. The scholarships awarded are in the amount of \$5,000

#### Eligibility criteria

Only applications that meet all of the following eligibility requirements will be considered:

- Be enrolled in a graduate program at a Quebec university
- Be supervised or co-supervised by a researcher who is a regular member of IU SHERPA
- Carry out a project that is in line with IU SHERPA's research program and its areas of expertise
- At the time of application, have at least one year remaining in their program or one year before the submission of their thesis

#### Evaluation of applications

Applications will be evaluated by a scientific committee according to the following criteria:

- The relevance of the project in relation to SHERPA's research program
- The scientific quality of the project (relevance of the problematic, clarity of the objectives and methodology, etc.)
- The feasibility of the project (based on the schedule, available funding sources, etc.)
- Potential impact on practice (not mandatory but prioritized)
- On the basis of equal evaluation, students who do not receive grants from major funding agencies will be given preference.

## To submit an application

- ✓ Complete [the online form](#).
- ✓ Ask your director to 1) read your application and 2) [email us directly](#) to confirm that he/she has read your application and supports its submission. (Your application will not be evaluated without receiving this email support before the submission deadline).
- ✓ Submit your application before January 10, 2023, 4:00 pm
